

Money Runs Out And Chunks Of Bullion Used

Silver Lumps Take Place
Of Coins In Parts Of
Chihuahua State.

Chihuahua, Mex., May 22.—Scarcity of coined money is such in the mining districts of the Sierra Madre, along the Chihuahua and Sonora border, that small pieces of silver are used in the trade, weighing one or two ounces each and worth one or two pesos.

THESE TWO LITTLE GIRLS ARE LIVELY

Once weak and puny Tanlac makes them look like different children.

"It makes me feel good to see how bright and healthy my two little girls are since we started them on taking Tanlac," said H. P. Consett, of 312 East Garay street, Leno, Texas. "They were both weak and puny children," he continued, "had no appetite and suffered from indigestion and were awfully pale and thin and yellow looking. They complained of having headaches and pains in their backs, they were restless at night, had no life nor energy during the day and wouldn't play around like other children. Medicines we gave them did not do them any good and my wife and I were greatly worried about their condition."

"Since starting them on Tanlac my two little girls are not like the same children. Both have gained in weight and are as lively as crickets, they eat hearty meals, sleep well at night and are as playful and happy as any other healthy children of their age. Tanlac has simply done wonders for them and I am only too glad to endorse such a splendid medicine."

Tanlac is sold in El Paso by Kelly & Pollard and by the leading druggists in practically every city, town and village in America.—Adv.

There are only two main requisites to success in any oil company. They are, first, the proper men managing its affairs, and second, a very large capital. The expenditure is so often made that all oil propositions are a gamble. No statement could be farther from the truth. The big successful companies do not gamble, but the great majority of smaller companies do. The big companies wait until the other man finds the oil and then step in and pay the price. It is along this line that our company is operated. Drilling will be confined to proven territory until the company can afford to speculate.

With sufficient capital to drill five or six wells on as many locations, we are sure of success.

A company operating along this line is not gambling, but investing. We have already acquired some of the best holdings in the Ranger field and our drilling campaign has already started. Other properties will be acquired from time to time, and in fact we are at present negotiating for several other leases. Details will not be announced until all titles have been finally passed.

Erwin, Tompkins Lead March In Church Service

Trinity Methodists to Hold
Big Ceremonial for Men
Who Bore Arms.

With Brig. Gen. James E. Erwin and Col. S. E. H. Tompkins leading the processional, Trinity Methodist church, south, will stage a big commemorative service combined with a home-coming and memorial service at 8 o'clock next Sunday night. Methodists don't go in for processions as a usual thing, but this is to be an extraordinary occasion.

At 4:30 p. m. there will be a chicken supper, served under the auspices of the Men's club and Epworth leagues to the men who have been in the army or navy during the war, either on this side or overseas. This will include men of the church still in the service and residing in the city. Gen. Erwin and Col. Tompkins and their aids will be special guests of honor.

Floral Tribute for Dead.
At 8 o'clock comes the great home-coming service. A processional will be formed in the basement of the church. Gen. Erwin and Col. Tompkins will lead the processional and the officers of the church who have seen service will follow them with the United States flag. There will come called men of the church, either in the army or navy, bearing a service flag with over 200 stars. There will be a floral tribute for the men who have died in the war. A beautiful floral tribute will be laid at the altar in memoriam. Then will follow the church flag, borne by the officers of the church and Men's club. Twenty-five Victory girls, chosen from the young women of the church, will pin flowers on all soldiers who attend, as an expression of appreciation.

Confederate veterans and members of the Grand Army of the Republic will take part in the processional and will stand on either side of the main aisle of the church while the veterans of the world's war march past. S. G. Parry is president of the men's club and will act as toastmaster for the supper. There will be no charge.

Rev. P. R. Knickerbocker announced Friday everybody would be welcome to the commemorative exercises, especially soldiers. Reserved seats will be held for the families of men who are in service now or have been in service.
